Gururaj B Urs, PhD
Head - Quality Systems & Accreditation
Professor (HR & Behavioural Science)

MS Ramaiah Institute of Management (RIM)
Gate No-8, MSRIT Campus, MSRIT Post, Bengaluru-560054 |
LL: 080 - 2360 6640, Extn: 123 |M: +91 78997 30377

I am a Postgraduate and a Doctoral level teacher, trainer, clinician / psychotherapist, researcher and guide in Business Administration and Mental Health / Behavioural Science, with two decades of overall work experience.

Since the past nine, I am working as the Head, Quality Implementation Centre, a centralized function for Total Quality Management-Quality Management Systems. This centre, focuses on obtaining National Board Accreditation (NBA), National Assessment and Accreditation Council (NAAC), International Organization for Standardization (ISO) and other Quality based Education / Certifications and thus most of the Institutions have retained their accreditation / ranking / rating during their second / third cycles.

I conduct Performance Appraisals and have created PA systems for Faculty, Administrative, Technical and Support Staff of Acharya Group of Institutions. Further, I work on developing Academic and Administrative Policies and Standard Operating Policies (SoPs) for Acharya Group of Institutions, Bengaluru.

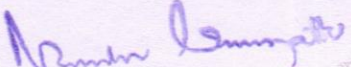

I have published about twenty research papers across many peer reviewed journals. I have presented papers in national and international conferences. I am a PhD guide in Business Administration, (specializing in Human Resources & Organizational Behaviour), in VTU Belagavi and MSRUAS, Bengaluru.

I have successfully completed more than a dozen Hospital and Health care Management based research projects for the World Bank, Plan India, Tamil Nadu Health Care Systems, St Johns Health Institutions, Employee State Insurance based Hospitals and other national organizations.

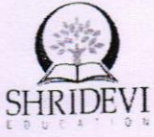

I am a trainer and conduct training in – Soft and Office skills, Outcome Based Education, Proctorship system, TQM-QMS, Organizational Design and Development, Mental Health / Behavioural Science, and other related areas for Faculty, Staff and Students.

I am a consulting Psychotherapist. I conduct Psychodiagnostics and Psychotherapy on a range of mental disorders, across Individual, Couple, Familial and Group formats. I have set up/ implemented Psychological Counselling cell, for the benefit of the students, Faculty and staff.

I support and work with all the Corporate Social Responsibilities (CSR) activities in the campus and with external agencies and community, over many national / regional pressing issues.

ONE DAY WORKSHOP ON RESEARCH METHODOLOGY- DATA ANALYSIS

Introduction:

The workshop on "**Research Methodology- Data Analysis** " was organized the Department of Computer science at Shridevi Institute of Engineering and Technology on 12/09/2019. The purpose of the workshop was to provide participants with a comprehensive understanding of data analysis techniques and their application in the research process. This report aims to summarize the key topics covered during the workshop and highlight the insights gained by the participants.

Program Objectives:

1. Understanding the importance of selecting appropriate data analysis techniques based on research objectives and data types.
2. Gaining hands-on experience with data analysis software tools, which enhanced their analytical skills.
3. Learning effective data visualization techniques to communicate research findings more clearly.
4. Realizing the significance of rigorous data collection methods to ensure the reliability and validity of research results.
5. Recognizing the iterative nature of data analysis and the need for continuous refinement and revision of research findings.

Resource Person:

Mr. Prathap B N
Department of MBA
SIET Tumkur

Participants:

The program was attended by 7th semester computer science students of SIET college.

Outcome:

The core focus of the workshop was on data analysis techniques. The participants were introduced to both quantitative and qualitative analysis methods. Quantitative analysis covered descriptive statistics, inferential statistics, correlation, regression, and hypothesis testing. Qualitative analysis included techniques such as thematic analysis, content analysis, and discourse analysis.

Conclusion:

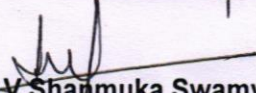

The workshop on data analysis research methodology provided participants with a solid foundation in data analysis techniques and their application in the research process. The comprehensive coverage of various research methods, data analysis techniques, and data visualization tools equipped the participants with valuable skills for conducting robust and impactful research. Overall, the workshop was successful in achieving its objectives and received positive feedback from the participants.

| Target Audience | 2nd Sem MBA Students |
| Key Takeaways of Workshop Prof. Pavan Kulkarni explained the concept of Research designs for MBA Students. The session was conducted for both staff and students. The outcomes of the session were <ul style="list-style-type: none">• Students understood the methods and techniques of data collection and the sources through which it can be collected.• He explained the types of data collection which can be used in Research methods• Students gain knowledge about how to collect data and interpret the same The Workshop was very useful to the business management postgraduate students and people's interaction with Resource Persons. The session was very interesting students gained knowledge about the Research methods and techniques which will help them in academics and also in the future if they undertake any research or paper publications. | |

ONE DAY WORKSHOP ON

RESEARCH METHODOLOGY- LITERATURE SURVEY

Introduction:

The workshop on “**Research Methodology-Literature survey**” was organized the Department of EEE at Shridevi Institute of Engineering and Technology on 11/09/2019. The primary objective of the workshop was to enhance the participants' understanding and skills in problem definition in research work. The workshop aimed to provide valuable insights into the research methodology and equip participants with the necessary tools and techniques to produce high-quality reports.

Program Objectives:

The program's primary objectives were to:

- Overview of research methodology
- Identifying research objectives and questions
- Research design and methodology selection
- Components of a research report
- Creating an effective report structure
- Organizing and presenting research findings
- Clarity and conciseness in problem definitions
- Use of appropriate language and terminology
- Avoiding plagiarism and maintaining ethical standards

Resource Person:

Prof. Praveen Kumar T M
Department of MBA
CIT, Gubbi

Participants:

The program was attended by 7th semester EEE students of SIET College.

Outcome:

- Understanding the key principles and components of research methodology
- Developing the ability to structure and present research reports effectively
- Enhancing writing style, language proficiency and adherence to ethical standards

Conclusion:

The workshop on “**Research Methodology-Literature survey**” was successful in providing participants with valuable insights and practical skills in producing high-quality research reports. The sessions covered a wide range of topics, from research design to data analysis and report structuring. The participants expressed satisfaction with the workshop content, delivery, and the interactive nature of the sessions. The workshop facilitated the development of crucial skills that would enable the participants to conduct research effectively and present their findings in a clear and concise manner.
