The Hub'n Spoke System is established by an Institute of repute as a mentor within an existing facility to serve as the hub to guide and disburse knowledge to ten technical institutions to encourage best practices. The secondary branches, the spokes, are additional services provided to faculty of mentee Institutes for self-improvement. Eventually, the Hub 'n Spoke system will allow for inter-hub information sharing, such as technical education, research and sharing of resources to the entire system.

The objective is to help mentee Institutes in order to improve their quality parameters to enable them to get accreditation by NBA.

1.2. Dr. AIT is a Leading College of Repute in Bangalore, India and offers advanced teaching & research programs in the field of Engineering & Technology.

1.3. The Mentor and Mentee Institutes wish to cooperate with each other for successful implementation of the Scheme.
