MUTUAL SUPPORT AND COOPERATION:

It is herewith mutually agreed and declared that for the strengthening of SIET Engineering Students and also for the assistance of SCII, the following issues have been agreed and put into operation.

1. Scope of the MoU :

- Shridevi Institute of Engineering & Technology(SIET), an Institute of Higher Education was established in the year 2002 with the sole aim to imparting quality Technical Education. It is approved by AICTE & affiliated to Visvesvaraya Technological University, Belagavi, Karnataka state and presently offers 6 Under-Graduate Programs, 6 Post Graduate Programs and 6 Ph.D. Research Programs – covering 'Engineering & Technology', and 'Management' streams.
- The System Consultant Information India (P) Limited (SCII), is a Software Development and Services Company having expertise in Technology, Research, Training & Development. SCII was established in December 2005 keeping in mind the vast potential of India in the Information Technology sector. SCII is a 100%

subsidiary of System Consultant Co. Ltd (KSC) in Japan (established in 1968), a company that has a long history in the Japanese Information technology market with an extensive experience in System Integration business. SCII aims at producing a business style, which is a blend of Indian talent and Japanese experience and quality, creating a unique business style.

- The SIET on its part is interested in associating with SCII for using their expertise to promote and deliver the technical Internship, Project Work and any technical program driving innovation as a graduate Program of Shridevi Institute of Engineering and Technology.
- The purpose of this Memorandum of understanding is to set forth the terms and conditions under which the Parties to this understanding shall conduct themselves during the subsistence of the Memorandum.
- Both parties as above have expressed a desire of entering into a Memorandum of Understanding for furnishing value addition to students to promote knowledge, skills and employability.
- This MoU intended towards an Institute – Industry Interaction Program involves organizing various programs to bridge the gap between campus and industry and thereby enhancing the employability of the emerging the workforce.

2. Curriculum Design and Mutual Support :

- SCII will give valuable inputs to the SIET in teaching / training methodology suitably customize the curriculum so that the students fit into the industrial expectation.
- The SIET shall provide the necessary support to the SCII to deliver the training on the agreed subject's / Programs.
- Students who opt for the program avails the facility of the SCII&SIET, to learn the stated subject and do the project in the chosen field of interest.
- The SCII provides electronic copy of relevant learning materials to the students opt for the respective programs. All responsibilities regarding registration of the students should be dealt by the SCII. The complete list of students of the course shall be provided to the SCII by the SIET. Changes in students, if any, shall be communicated by the representative of the SIET to the SCII immediately without any delay.

9. Intellectual Property:

- The Parties agree that any IPR jointly created by the Parties for the collaboration shall be jointly owned (in equal proportions) by the parties, unless otherwise agreed in writing.
- For the purposes of this MoU, "Confidential Information" shall be confidential in nature (whether written, visual or oral) concerning the business and affairs of either party which is obtained or received as a result of the discussions leading up to, the entering into or the performance of this MoU, including financial information, training & learning material, trade secrets, college lists, trade and commercial details and computer software and databases, the contents of all reports and documentation prepared by either party or on its behalf.
- Parties shall always abide, while this MoU remains in force and after terminated, keep confidential Information except where: The Confidential Information was already lawfully known, or became lawfully known to either parties independently; and any other information of a confidential nature designated by a party as confidential.
- All disputes and differences of any kind whatever arising out of or in connection with this MoU shall be referred to the arbitration, and the final decision of an arbitrator jointly appointed by both the Parties to be agreed upon. This submission to the arbitrators shall be deemed to be a submission to arbitration within the meaning of the Arbitration and Conciliation Act, 1996, or any statutory modification thereof. The award of the arbitrator or arbitrators shall be final and binding on the parties.
- In case of any disputes not settled due to arbitration it will be subject to the courts of Bangalore Jurisdiction. The laws of India shall be applicable.

10. Validity:

- It is intended that the terms of this MoU will remain in force for an initial period of (3) three years from the date of agreement and shall be valid until the termination or expiration, whichever is earlier of this MoU.
- The MoU can be extended for further periods after the expiry of (3) three years upon the parties mutually agreeing such extension in writing. The terms of this Memorandum may be modified at anytime by both Parties on mutual consent.

3. Industrial Training and Visits :

- The SCII to permit the Faculty and Students of the SIET to visit its group companies and also involve in Industrial Training Programs for the SIET. The industrial training and exposure provided to students and faculty through this association will build confidence and prepare the students to have a smooth transition from academic to working career.
- The SIET will provide its Labs / Workshops for the hands-on training of the learners enrolled with the SCII.

4. Internships and Placement of Students :

- SCII will actively engage to help the delivery of the Internship and placement of students of the SIET into internships/placement activity.

5. Research and Development:

- Both the parties have agreed to carryout the joint research activities on the Emerging Technologies of mutual interest.

6. Skill development Programs:

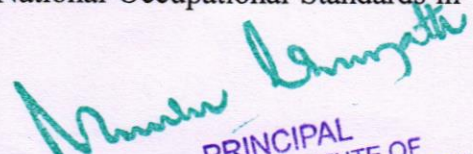

- SCII to train the students of SIET on the emerging technologies in order to bridge the skill gap and make them industry ready.

7. Guest Lectures:

- SCII to extend the necessary support to deliver guest lectures to the students of the SIET on the technology trends and in house requirements.

8. Faculty Development Programs:

- SCII to train the Faculty members of SIET for imparting industrial exposure/ training as per the industrial requirement considering the National Occupational Standards in concerned sector, if available.
