Employers feedback form on Curriculum

SIET is actively engaged to bridge any gap that may be present between the VTU syllabus and the current industry standards. In this effort, we strive to make our students (our employees) 'industry ready' by the time they graduate and thereby, improving the standards of the program. Many graduates of our department/ institute are already working in your organisation. We shall very much appreciate and be grateful to you if you can spare some of your valuable time to fill up this feedback form. Your inputs and suggestion are very important to us, which make us serve your needs better. Select your ranking on the scale 5 to 1 for each of the following parameters.

Excellent (5) Very Good (4) Good (3) Average (2) Poor (1)

Inputs about the skills that we feel to be added in the institute curriculum so that SIET recruits can perform better in our industry? –

Add topics to the curriculum which enhances the problem-solving ability of the students at the work places. ic take case studies from real time projects to exposes the student to the design intricacies involved and execution challenges at sites.
