Sub: Suggestions for proposed syllabus 2022 scheme of VTU syllabus-Reg.

With reference to the above cited subject, it is herewith enclosed a list of curricular gaps and the proposed suggestions for some courses in the proposed 2022 scheme / syllabus of Chemistry board of Visvesvaraya Technological University, Belagavi.

We request you to kindly consider the following points during the revision of the curriculum and syllabus by the University.

Curricular Gaps and proposed suggestion:

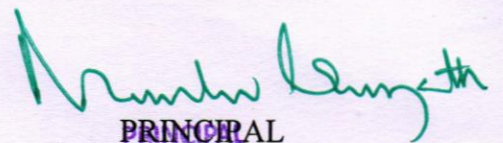

1. In the current syllabus of Chemistry the Chemistry Lab is integrated with theory, but to enhance the practical skills we are requesting to conduct the external Chemistry practical examination separately for 50 Marks. The BOS team members are requested to consider the same and include the changes from the current academic year.
2. The BOS team members are requested to include some topics on water technology and waste water treatment for all the Computer Science and Engineering Stream students so the students will acquire knowledge in the water treatment.
